#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of West Central Initiative Fergus Falls, Minnesota

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of West Central Initiative (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of West Central Initiative as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of West Central Initiative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Central Initiative's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of West Central Initiative's internal control.
  Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Central Initiative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information on pages 29-30 is presented for purposes of additional analysis and is not a required part of the financial statements. In addition, the accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information on pages 29-30 and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2022, on our consideration of West Central Initiative's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of West Central Initiative's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering West Central Initiative's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

### NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Organization**

West Central Initiative (WCI) is a publicly supported foundation dedicated to enriching the quality of life in west central Minnesota. WCI serves a nine-county region including: Becker, Clay, Douglas, Grant, Otter Tail, Pope, Stevens, Traverse, and Wilkin counties.

WCI provides assistance to businesses, non-profit organizations, and governmental entities in the areas of economic development, education and human services, and leadership development. The major forms of assistance in these areas are loans, grants, and technical assistance.

#### **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

#### **Net Assets Without Donor Restrictions**

Net assets without donor restrictions are available for use in general operations.

#### **Net Assets With Donor Restrictions**

Net assets with donor restrictions are subject to donor-imposed stipulations that may or will be met, either by actions of the organization and/or the passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. When a restriction expires, donor restricted net assets are reclassified to without donor restriction and reported in the statements of activities as net assets released from restrictions. If restrictions are satisfied during the same fiscal year of the contribution, the entire transaction is reported as without donor restrictions. See Note 13 for additional details.

#### **Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### Cash and cash equivalents

WCI is including its checking accounts and outstanding deposits as cash and cash equivalents in these statements. There are no other highly liquid investments which are considered cash equivalents.

#### **Restricted Cash**

Cash balances in certain loan programs are included in restricted cash. Per grant awards, funds received for the revolving loan programs must be held in accounts separated by the year of the award and the loan program.

#### **Pledges Receivable**

Unconditional promises to give, less an allowance for uncollectible amounts, are recognized as revenue in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Allowances are established based upon management estimates of the collectability of the accounts and review of past collection experience. Generally, this involves a 50% allowance on delinquent balances and a 2% allowance on all remaining balances. See Note 3 for additional details.

#### Loans Receivable

Loans receivable that management has the intent and ability to hold for the foreseeable future or until maturity or pay-off are reported at their outstanding principal balance adjusted for any charge-offs and the allowance for loan losses. Loans are written off when management has explored all avenues of collection and have received the approval of the Board of Directors.

Recoveries of loans receivable previously written off are recorded when received.

Loan origination fees and certain direct origination costs are not material and are recognized in the period received or incurred.

The accrual of interest on impaired loans is discontinued when, in management's opinion, the borrower may be unable to meet payments as they become due. When interest accrual is discontinued, all unpaid accrued interest is reversed. Interest income is subsequently recognized only to the extent cash payments are received. See Note 5 for additional details.

#### **Allowance for Loan Losses**

The allowance for estimated uncollectible loans is increased by charges to income and decreased by charge-offs (net of recoveries). Management's periodic evaluation of the adequacy of the allowance is based on WCl's past loan loss experience and the estimated value of any underlying collateral. These economic factors include consideration of the following: changes in the lending policies and underwriting practices, national and local economic conditions, changes in past due and nonaccrual loans, changes in credit quality, change in payment history, changes in loan review and oversight, impact and effects of concentrations, and the impact of competition. These factors are inherently subjective and are driven by the repayment risk associated with each loan.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

The allowance is calculated based on assessed risk by using a graded scale. The risk-rating scale uses ranges from 1-9, with 1 being "superior" and requiring very minimal allowance, to 9 being "loss" and needing to be written off. Most loans are assessed at a risk rating from 1 to 7 (which translates to a 0%, 0%, 0%, 2.5%, 20%, 30%, or 50% allowance, respectively) and individual loan reserves are adjusted periodically for economic factors based on the risks for each loan.

Based on current information and events, a loan is considered impaired when it is more likely than not that WCI will be unable to collect the scheduled payments of principal or interest when due per the contractual terms of the loan agreement. When a loan is impaired, WCI measures impairment based on an observable market price or the fair value. When a loan does become uncollectible it will be charged directly to the allowance in the year of default.

#### **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of financial position. Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized. Unrealized gains and losses are included in the change in net assets on the statements of activities.

The investment objective of West Central Initiative's endowment is designed to provide for the long-term needs and requirements of WCI. The long-term goals of the endowment investment policy are to enhance the real purchasing power of the principal of the endowment, and to provide reasonably stable and predictable funds from the endowment for operating budgets.

Progress of the endowment, its components, and each investment manager will be measured over a full market cycle. Market cycles may differ markedly in length, and there is no standardized measure for a market cycle's term. For the endowment's purposes, a full market cycle encompasses both a down leg and an up leg, in either order. The up or down portions each will be over at least two consecutive quarters in length. Thus, a full market cycle may be as short as one year, though generally the Investment Committee expects most market cycles to last from three to five years. Shortfalls relative to the return targets for the endowment may be tolerated over portions of the market cycles, provided that the return objectives for the endowment are met over the full market cycle.

The total return objective of the endowment is to exceed an annualized total return after investment management fees of 6% more than inflation as measured by the Consumer Price Index or equivalent.

The investment committee recognizes that its role is supervisory, not advisory, and that investment discretion is delegated to managers as long as they adhere to the policy and guidelines as established by West Central Initiative.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

The primary roles of the investment committee are to:

- 1. Make recommendations to the Board of Directors, investment managers, and advisors for the endowment account and monitor performance, as appropriate;
- 2. Develop, review, and recommend the overall asset allocation for the endowment, as well as the funding level for each individual investment manager;
- 3. Provide the Board of Directors with information regarding fund investment structure and performance against established objectives and policies;
- 4. Review the performance results of the endowment and individual managers; and
- 5. Review and grant or deny special requests by managers that are outside of the approved investment policy or that are an exception to policy.

The assets will be diversified with the intent to increase income and reduce risk. West Central Initiative will retain the services of professional money managers to manage the assets of the endowment. Where appropriate, the endowment will be diversified by the manager within asset classes.

When selecting investment managers, the investment committee will consider, but not be limited by, the following criteria:

- experience and background of key personnel;
- long-term history managing a specific asset class;
- assets under management broken out by asset class;
- sources and sustainability of competitive advantages;
- personnel and account turnover; and
- issues of equal opportunity and affirmative action in the ownership and management of the investment managers.

#### **Fair Value Measurements**

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that WCI has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Money Market – Money Market funds are valued at fair value at year end.

<u>Bond Funds</u> – Bond funds are valued at fair value based on the net asset value of shares held by WCI at year end.

<u>Mutual Funds</u> – Valued at the daily closing price as reported by the fund. Mutual funds held by WCI are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds held by WCI are deemed to be actively traded.

<u>Equity Investment in LLLP</u> – The equity investment is valued at an estimated fair value based on an independent third-party appraisal and independent third-party audited financial statements as of December 31, 2021 and 2020 and consideration of the 6 months of activity from January through June.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while WCI believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### **Property and Equipment**

Property and equipment are capitalized at cost or, if donated, at the acquisition value on the date of donation. It is WCI's policy to capitalize expenditures for these items more than \$2,500. Lesser amounts are expensed and are included under repairs and maintenance on the statements of functional expenses. Property and equipment are being depreciated using the straight-line method over the estimated useful lives of the assets as follows:

Description	Lives
Office Equipment and Furniture	3 - 15 years
Buildings	7 - 39 years
Land Improvements	20 - 39 years

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### Contributions

Contributions received are recorded with or without donor restricted support, depending on the existence and/or nature of any donor restrictions.

WCI recognizes revenue on contributions and grants when WCI has an unrestricted right to the use of the funds. WCI uses the funds it receives to fund loans to third party recipients as well as provide grants. This revenue is a non-exchange transaction, or a contribution, which is transfer of assets that is unconditional, voluntary, and nonreciprocal.

#### **Agency Funds**

WCI is serving as the fiscal agent for the United Way of Otter Tail and Wadena Counties, Lakeland Mental Health, Becker County Historical Society, Fergus Falls YMCA Foundation, Pope County Historical Society, Kaddatz Galleries, Friends of Tamarac Wildlife Refuge, United Way of Douglas and Pope Counties and West Central Area Education Foundation. WCI recognizes as revenue their share of these donations received, and the remaining balances are treated as agency funds.

WCI follows GAAP in regards to transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both to another entity that is specified by the donor. GAAP specifically requires that if a nonprofit organization establishes a fund at a community foundation with its own funds and specifies itself as the beneficiary of that fund, the community foundation must account for the transfer of such assets as a liability. WCI refers to such funds as agency funds.

WCI maintains variance power and legal ownership of agency funds and as such continues to report the funds as assets of WCI. However, in accordance with GAAP, a liability has been established for the fair value of the funds

#### **Income Taxes**

WCI is exempt from payment of federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

West Central Initiative's policy is to evaluate the likelihood that uncertain tax positions will prevail based upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

#### **Fundraising Costs**

WCI records fundraising costs based on actual hours spent and on actual expenses incurred while performing these duties.

#### **Advertising**

WCI expenses advertising costs as they are incurred.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### **Functional Allocation of Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### NOTE 2 LIQUIDITY AND AVAILABILITY

WCI regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, WCI considers all expenditures related to its ongoing programming activities and the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, WCI operates with a budget and anticipates collecting sufficient revenue to cover general expenditures. Refer to the statements of cash flows which identifies the sources and uses of the WCI's cash and cash equivalents and restricted cash.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	2022	2021
Cash and cash equivalents Restricted cash Grants and other receivables Current portion of promises to give Current portion of loans receivable Investments	\$ 239,578 895,813 290,871 126,874 1,096,762 72,505,672	\$ 1,066,592 919,311 61,829 170,329 1,600,200 79,238,614

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### NOTE 3 PROMISES TO GIVE

Promises to give at June 30, 2022 and 2021, consist of the following:

		 2021	
Receivable in less than one year Receivable in one to five years	\$	126,874 134,859	\$ 170,329 176,853
Total promises to give		261,733	347,182
Less: discounts to net present value Less: allowance for uncollectible pledges		(13,142) (5,284)	(13,359) (15,440)
Promises to give, net	\$	243,307	\$ 318,383

The discount rate used on long-term promises to give was 3% for both 2022 and 2021. None of the promises to give are pledged as collateral on borrowings.

See Note 13 for restrictions on promises to give.

#### NOTE 4 RELATED-PARTY TRANSACTIONS

Pledges receivable includes pledge balances from employees and board members totaling \$1,800 and \$0 during the fiscal years ended June 30, 2022 and 2021, respectively. Amounts received from employees and board members totaled \$8,903 and \$8,631 during the fiscal years ended June 30, 2022 and 2021, respectively.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

Bond Funds	1	1,257,870	1	1,585,791		327,921	
Mutual Funds		6,009,490		8,718,358		12,708,868	
Equity Investment in Granite Equity, LLLP		1,325,882		6,443,523		5,117,641	
, , , , , , , , , , , , , , , , , , , ,		, ,		, -,		, , , , - , -	
Total Investments	\$ 6	1,084,184	\$ 7	9,238,614	\$	18,154,430	

WCI's share in ownership of Granite Equity, LLLP is noncontrolling at both June 30, 2022 and 2021. Management accounts for the investment in Granite Equity, LLLP using a 3<sup>rd</sup> party, independent appraisal (see Note 8), rather than the cost method because they believe that to be the best method of valuation.

#### NOTE 7 ENDOWMENTS

The State of Minnesota adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) effective August 1, 2008. GAAP provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to UPMIFA.

As required by GAAP, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### **Interpretation of Relevant Law**

WCI has interpreted the Minnesota Uniform Prudent Management of Institutional Funds Act ("MUPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, WCI classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) any accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with donor restrictions is classified as net assets without donor restrictions when those accounts are appropriated for expenditure by WCI in a manner consistent with the standard at prudence prescribed by MUPMIPA.

In accordance with MUPMIFA, WCI considers the following factors in deciding to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund;
- 2. The purpose of WCI and the donor-restricted endowment fund;
- 3. General economic conditions;
- 4. The possible effect of inflation and deflation;
- 5. The expected total return from income and the appreciation of investments;
- 6. Other resources of WCI; and
- 7. The investment policies of WCI.

As of June 30, 2022 and 2021, the endowment net asset composition by type of fund is as follows:

	Without Donor Restriction	With Donor Restrictions	Total
<u>June 30, 2022</u>			
Donor-restricted Endowment Funds Original Donor-Restricted Gift Amount and Amounts Required to be Maintained in			
Perpetuity by Donor	\$ -	\$ 18,560,420	\$ 18,560,420
Accumulated Investment Gains		23,052,226	23,052,226
Total	\$ -	\$ 41,612,646	\$ 41,612,646
<u>June 30, 2021</u>			
Donor-restricted Endowment Funds Original Donor-Restricted Gift Amount and Amounts Required to be Maintained in			
Perpetuity by Donor	\$ -	\$ 18,539,457	\$ 18,539,457
Accumulated Investment Gains		28,330,855	28,330,855
Total	\$ -	\$ 46,870,312	\$ 46,870,312

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

Changes in endowment net assets for the years ended June 30, 2022 and 2021 are as follows:

	Without I Restric			Total		
Endowment Net Assets, July 1, 2020	\$	-	\$ 37,875,048	\$ 37,875,048		
Investment Income Endowment Contributions Appropriation for Expenditures		- - -	10,096,033 66,747 (1,167,516)	10,096,033 66,747 (1,167,516)		
Endowment Net Assets, June 30, 2021		-	46,870,312	46,870,312		
Investment Income (loss) Endowment Contributions Appropriation for Expenditures		- - -	(3,994,868) 20,963 (1,283,761)	(3,994,868) 20,963 (1,283,761)		
Endowment Net Assets, June 30, 2022	\$	-	\$ 41,612,646	\$ 41,612,646		

Not included in the above endowment with donor restrictions are pledge receivables of \$5,165 and \$9,310 as of June 30, 2022 and 2021, respectively, that are intended for endowments in perpetuity but have not been fully realized and added to the investment pool. These pledges are still considered net assets with donor restrictions on the statements of financial position.

#### **Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or MUPMIFA requires WCI to retain as a fund of perpetual duration. There were no such deficiencies as of June 30, 2022 and 2021.

#### **Return Objectives and Risk Parameters**

WCI has adopted investment and spending policies for endowment assets to achieve growth in principal value while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that WCI must hold in perpetuity or for a donor-specified period(s). WCI expects its endowment funds, over time, to provide a reasonable level of current income to support the spending policy authorized by the Board of Directors and to grow equity assets. Actual returns in any given year may vary from this amount.

#### **Strategies Employed for Achieving Objectives**

The assets will be managed on a total return basis. While WCI recognizes the importance of preservation of capital, it also adheres to the principle that varying degrees of investment risk are generally rewarded with compensating returns. It is not a breach of fiduciary responsibility to pursue riskier investment strategies if such strategies are in WCI's best interest on a risk-adjusted basis. Risk management of the investment program is focused on understanding both the investment and operational risks to which WCI is exposed. The objective is to minimize operational risks and require appropriate compensation for investment risks which WCI is willing to accept.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### NOTE 8 FAIR VALUE MEASUREMENTS

The following table presents WCI's fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of June 30:

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### NOTE 10 COMMITMENTS, CONTINGENCIES AND CONCENTRATIONS

WCI maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed the federally insured limits as guaranteed by the Federal Deposit Insurance Corporation. WCI maintains its cash and cash equivalents deposits in large, well-capitalized institutions. WCI has not experienced any losses in such accounts, nor does it believe it is exposed to any credit risk on cash and cash equivalents.

The State of Minnesota accounted for approximately 33.6% and 44.5%, respectively, of WCI's total revenue and other support in 2022 and 2021.

The McKnight Foundation accounted for approximately 11.6% of WCl's total revenue and other support in 2021. The McKnight Foundation has committed \$2,040,000 for programming to be distributed over two years ending June 2021. This amount was designated for programs and administration.

WCI has committed to funding three loans totaling \$550,661 and six loans totaling \$720,820 that had not been disbursed as of June 30, 2022 and 2021, respectively.

#### NOTE 11 NOTES PAYABLE

	2022	2021

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### NOTE 12 AGENCY FUNDS

At both June 30, 2022 and 2021, WCI held nine agency funds. All financial activity for the years then ended related to these funds is segregated on the statements of activities and has been reclassified to the agency funds liability. The following table summarizes activity in such funds during the years then ended:

		2022		2021
Agency funds balance, beginning of year Foundation grants and corporate contributions Investment income Net unrealized gains (loss) Grant and donation expense	\$	1,298,184 26,050 45,615 (196,622) (40,294)	\$	1,043,438 492,000 130,039 168,308 (535,601)
Agency funds balance, end of year	\$	1,132,933	\$	1,298,184
NOTE 13 NET ASSETS WITH DONOR RESTRICTIONS		2022		2021
	_	ZUZZ	_	2021
Endowment investment gains not yet appropriated Endowment principle held in perpetuity		23,052,226 18,467,613	\$	28,330,855 18,446,650
Promises to give Promises to give - Endowment		238,142 5,165		309,072 9,311
Time restricted general operations in next budget period		_		2,000,000
Purpose restricted program and operations grant funds		289,078		507,486
Purpose restricted loan funds Land and building held In perpetuity		2,625,492 92,807		1,950,267 92,807
Total net assets with donor restrictions	\$ 4	14,770,523	\$	51,646,448

Endowment investment gains are released from restriction when they are appropriated and transferred out of the endowment fund. Pledges receivable adjusted for related allowances and discounts are released from restriction when payments are received unless they are related to the endowment.

### NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

Net assets were released from donor restrictions by incurring expense satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the years ended:

	2022	2021
Net assets released from restrictions:		
Passage of time	\$ 2,275,005	\$ 227,872
Satisfaction of purpose restrictions:		
Endowment gains distributed	1,283,761	1,122,289
Program related releases*	433,431	5,037,905
Total net assets released from restrictions	\$ 3,992,197	\$ 6,388,066

<sup>\*</sup>In 2021, \$3.77 million in grantmaking funds were released from restriction. In 2022, WCI distributed \$2.49 million in pass-through grantmaking that came in the form of reimbursable grants, so were not restricted and released.

#### NOTE 14 EMPLOYEE BENEFIT PLANS

WCI has a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code. The plan covers substantially all full-time employees and regular part-time employees working 20 or more hours per week. Eligible employees must also have attained the age of 21. Under the plan WCI will match employee deferrals up to 5% of the eligible employees' salary after one year of employment.

For the years ended June 30, 2022 and 2021, WCI's contributions to the plan were \$50,581 and \$47,207, respectively.

WCI has also approved a deferred compensation plan. The balance of the plan was \$60,044 and \$94,772 as of June 30, 2022 and 2021, respectively. The assets of the fully funded plan are included under investments and the related liability is included under accrued vacation, payroll, and deferred compensation on the statements of financial position.

#### NOTE 15 FUNDRAISING EXPENSES

The costs of fundraising are included in administrative and component fund expenses on the statements of functional expenses. The total fundraising expenses are as follows:

	 2022	 2021
Salaries Travel and Other	\$ 203,262 72,189	\$ 169,351 66,985
Total Fundraising Expenses	\$ 275,451	\$ 236,336

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED JUNE 30, 2022 AND 2021

#### NOTE 16 FUNCTIONALIZED EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expense items included on the statement of functional expense are allocated on the basis of estimates of time and effort.

#### NOTE 17 INCOME TAX

It is the opinion of management that the Organization has no significant uncertain tax positions that would be subject to change upon examination. The income tax of the Organization is subject to examination by the IRS and state tax authorities, generally for three years after they were filed.

#### NOTE 18 RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

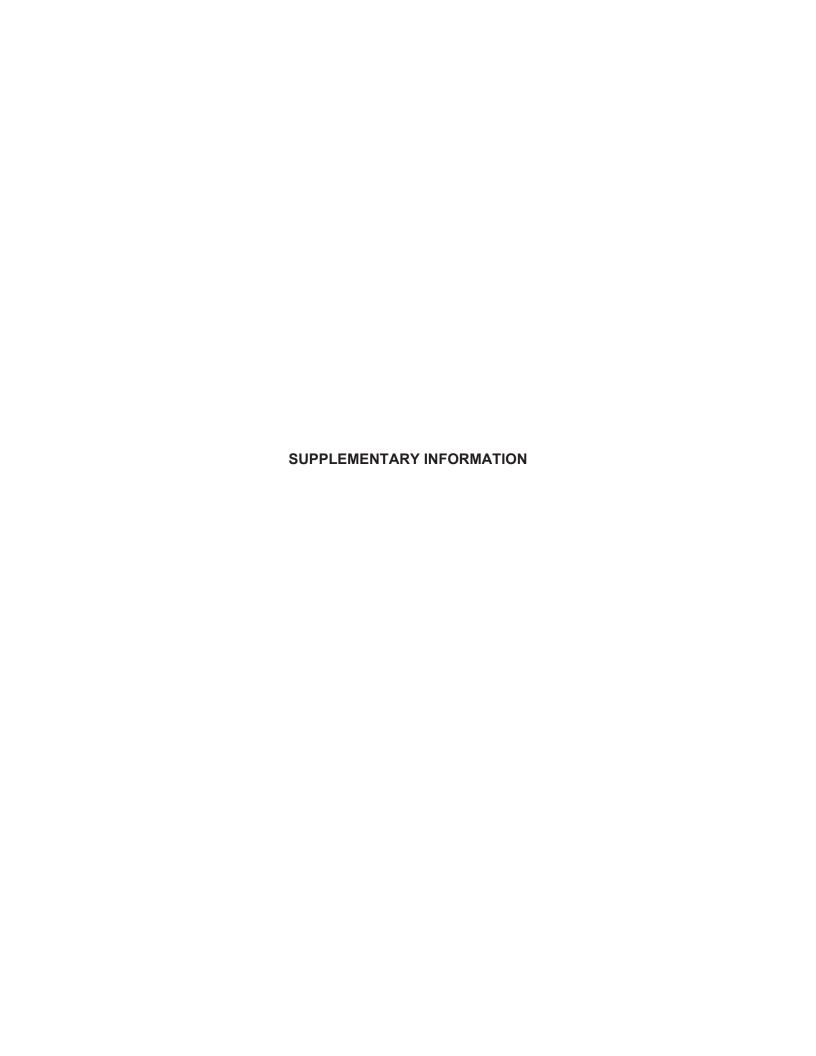

ASU 2016-02, Leases (Topic 842) – During 2016, FASB issued guidance to change the accounting for leases. The main provision of ASU 2016-02 is that lessees will be required to recognize lease assets and lease liabilities for most long-term leases, including those classified as operating leases under GAAP. The FASB has delayed the effective date of this ASU to fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022.

Management has not yet determined what effect this pronouncement will have on WCI's financial statements.

Except for the new standard discussed above, management has not identified any other new accounting pronouncements that have potential significance to the WCI's financial statements.

#### NOTE 19 SUBSEQUENT EVENTS

No significant events occurred subsequent to year end. Subsequent events have been evaluated through December 30, 2022, which is the date these financial statements were available to be issued.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2022

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the accompanying schedule of expenditures of federal awards (the schedule) are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

#### NOTE 2 INDIRECT COST RATE

WCI has not elected to use the 10% de minimus cost rate.

#### NOTE 3 BASIS OF PRESENTATION

The schedule includes the federal award activity of the West Central Initiative (WCI) under programs of the federal government for the year ended June 30, 2022. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of WCI, it is not intended to and does not present the financial position, changes in net assets, or cash flows of WCI.

#### NOTE 4 LOANS OUTSTANDING

The calculation of total federal expenditures includes the beginning of year loan balances payable as well as new funds drawn and administration fees. WCI had the following total federal expenditures for the Intermediary Relending Program:

Federal Grantor/Program Title	Federal AL Number	AL Note Payable	
Intermediary Relending Program Balance of Loans Payable at July 1, 2021	10.767	\$ 139,572	

The loan balance outstanding for the Intermediary Relending Program as of June 30, 2022 is \$97,783.

# NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS - CONTINUED JUNE 30, 2022

The calculation of total federal expenditures for the Economic Adjustment Assistance program (AL 11.307) includes the notes receivable from program participants and is as follows:

	Economic Adjustment Assistance		CARES Act RLF	
Balance of Loans Receivable at June 30, 2022 Cash and Investments Administrative Expenses	\$	525,759 598,377 16,214	\$	1,228,710 - -
Total Economic Adjustment Assistance		1,140,350	\$	1,228,710
Federal Share: Federal Funding \$ 920,000  ÷ Total Funding		82.1429%		
Federal Share of Economic Adjustment Assistance Loans Outstanding at June 30, 2022	e <u>\$</u>	936,716		

#### NOTE 5 FINANCIAL STATEMENT RECONCILIATION

Government grant review per the Statement of Activities by Fund for the year ended June 30, 2022 has been reconciled to the total federal expenditures per the Schedule of Expenditures of Federal Awards as follows:

Foundation grants	\$ 300,154
Government grants	3,935,322
Less: non-federal grants	 (1,771,443)
Total federal grants	 2,464,033
Intermediary Relending Program loan	 97,783
Total federal expenditures on the SEFA	\$ 2,561,816

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of West Central Initiative Fergus Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of West Central Initiative (WCI) (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 30, 2022.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered WCl's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WCl's internal control. Accordingly, we do not express an opinion on the effectiveness of WCl's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether WCl's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of West Central Initiative Fergus Falls, Minnesota

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited West Central Initiative's (WCI) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of WCI's major federal programs for the year ended June 30, 2022. WCI's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, WCI complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of WCI and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of WCI's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to WCI's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on WCl's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about WCl's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding WCl's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of WCl's internal control over compliance relevant to the audit
  in order to design audit procedures that are appropriate in the circumstances and to test
  and report on internal control over compliance in accordance with the Uniform Guidance,
  but not for the purpose of expressing an opinion on the effectiveness of WCl's internal
  control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant and material weaknesses in internal control over compliance matters that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
